ALDERSON, ALBERTA, THURSDAY, SEPTEMBER 7th, 1916

No. 37

Carload of Fords Just Arrived.
Another Carload expected about the 15th.
Better Place Your Order Now.

New Prices August 1st 1916

Chassis	\$450.00
Runabout	475.00
Touring Car	495.00
Coupelet	695.00
Town Car	780.00
Sedan	890.00

f. o. b. Ford, Ontario

These prices are positively guaranteed against any reduction before August 1st, 1917, but there is no guarantee against an advance in price at any time.

Before giving your order for a car see the new model of the Ford. It is improved very much in appearance and the 5 Passenger car costs \$550.00 delivered.

N. E. Stuart & Co.

Get your granary built before threshing.

Most of the grain will yield more than the farmers are expecting, according to reports coming in from districts where grain has been threshed; therefore you had better stick up another bin or granary.

Lumber is steadily advancing in price—buy early and save the big \$8882.

LOCALS

Mr. Zimmer, of Medicine Hat, is a guest at the Hotel Alderson.

Dan D. Doyle, of Suffield, was in town on business on Tuesday.

Miss Chrysal, teacher at Chubb School, spent the holiday at Medicine Hat.

FARMERS—You are reminded of the sale of 20 heavy draft Mares in Alderson on Monday Sept. 11th.

Mrs. J. J. Lemma, of Tripoli, went to the Hat last week and placed her little daughters in school there.

At the Methodist Church on Sunday evening Rev. Private Heald and Mrs. Taylor sang a duet very acceptably.

R. H. Kent, of Medicine Hat representing the Sun Life Insurance Co., was a business visitor to town on Tuesday.

Mr. and Mrs. Hargreaves, of Tide Lake, motored to town on Monday and also visited in Medicine Hat before returning home on Tuesday.

J. C. Anderson, Secretary-Treasurer of King Municipality, went to Medicine Hat Tuesday evening and on Wednesday attended the Tax Enforcement Return Court held by Judge Green.

Once again we ask a perfectly good bunch of correspondents to have a heart and send in the district news. The News will be only too pleased to supply stationery and postage for this enterprise.

In spite of seab prices offered by mail order printing houses the News is pleased to report that the local printer is receiving a fine run of business. Good printing at Live and Let Live Prices is Our Motto.

The News is informed that Rold, Lewis, of Suffield, is lying very seriously ill at Medicine Hat General Hospital. He went through a serious operation on Aug. 27th. He is said to be progressing favorably, but is not yet out of danger.

Clarence Benjamin was one of the busiest buyers at the Gervais sale of horses on Monday. Clarence purchased about 10 head. He says he is in the horse business and getting in stronger all the time. Private Woolven took the horses out to the Benjamin farm on Tuesday.

On page three of this paper will be found an advanced list of the competitive events for the Suffield Fair on Oct. 3rd and 4th. Arrangements are being made for two big days in Suffield, and the farmers are invited to compete in all classes. Over \$1200 in prizes. Military Band on the grounds both days.

Scollard & Hegg report the sales of Chevrolet Cars to Dr. McEwen and Andy Anderson.

Remember the News will be sent to any address in the U. S. until the first of the year for 50 cents.

The Misses McCracken and McKibbin, and J. McKibbin, of Froggie, made up a motor party to town on Monday.

Mrs. W. McDonald and two children, who were guests last week at the home of Dr. McEwen, returned to their home in Gleichen Friday.

Very busy men these days are Messrs. Larsen & Ahlstrom at the Old Reliable Blacksmith Shop. See their announcement in this issue.

Rev. Mr. Elsdon, of Suffield, spent Saturday in town. Mr. Elsdon has lately enlisted with the 113th, the Kitties, and in a few days will join the battalion at Calgary.

The Secret of the Submarine serial, running at the Alderson Picture House, drew another good crowd on Tuesday night despite the heavy downpour of that night. The second chapter also proved intensely interesting. The next episode will be shown at next Tuesday's performance. These are the exact films being shown at Calgary. Six reel performance this Friday night.

N. E. Stuart, local agent for the Ford, unloaded a carload of the new 1917 Model Ford Cars on Tuesday. Two of the cars will go to the Messrs. Glines, one to B. F. Hansen, one to Mr. Wilkinson at Jenner, and one will remain at the Alderson for demonstration purposes. The local Ford Fleet grows continually. Mrs. A. M. Shields, Lars Kaldstad and Albert Moore have recently ordered cars. There will be another carload here on Sept. 15th. As only a portion of these have been sold any intending purchasers may secure one after that date.

On Saturday last Harry W. Johnson, auctioneer, sold over 30 head of horses for A. Cameron, of Calgary. Prices were good and everybody satisfied. On Monday at the Alderson Stock Yards George Saterlee of Medicine Hat conducted a very satisfactory sale of 35 head for Lieut. Harry Grow. After the sale Mr. Grow expressed himself as more than pleased with the results of the sale. Mr. Saterlee had to work in a driving rain storm, but the rain did not deter the farmers turning out in large numbers. They are all interested in horses at this time, and it is expected that when Auctioneer Goff offers for sale on Monday next 20 heavy draft mares, there will be keen bidding.

COME TO OUR FALL OPENING AND LET US SHOW YOU THE NEW FALL STYLES. OUR STORE IS A "FASHION CENTER." ALBERSON PROGRESSES.

It is not the policy of the News to get itself in the class of so-called "BOOMERS," and the present management will never make the attempt. Nevertheless we would not be doing a duty by our prosperous Village if we did not call attention to the almost remarkable progress that we are making, especially in the building line at the present time.

The good results of the two bountiful crops that have been harvested in this district are now being seen on all sides. Last summer, when a good year was assured, the Local Improvement Association did excellent work in grading the streets, and in several ways improving the town generally. Just a few citizens went a step further and beautified their premises by planting trees. Possibly this fall more citizens will take up that means of making the town beautiful. The News would like to see a systematic tree planting scheme in vogue here.

This fall sees fine building operations in every quarter of our little burg. It almost makes the building reporter sit up nights to keep track of new buildings and alterations to present buildings that are being carried out.

Starting at the west end of the town we first notice, of course, the splendid new Elevator of the Alberta Pacific Company.

The Strong & Dowler Co. will either erect an elevator this fall on their present warehouse site, or at least install a dump scale.

Rumor says that the Carlstadt Hotel, which is closed for a time, has been completely redecorated throughout, and is all ready for a fine re-opening.

Chance Benjamin has lately added an addition to the house he owns on Carlstadt Ave. George Russell, on the same street, recently added to his house.

The Stuart Store at the corner of Railway Street and Broadway is on its way. The basement walls are nearly completed. It will be a fine brick structure, 50x50, and will greatly improve the corner. On Broadway Mr. Drummond is erecting another store to house the Furniture business he is opening in town. Another well-known citizen has plans for a store building, also on Broadway. Attention is also called to the alterations carried on lately in the Swanby Store building by Mr. Moore, making it a pleasant and comfortable Theatre building.

On Suffield Avenue, which is fast becoming a fine residential street, we notice that George M. Thompson has moved his bungalow residence in from his homestead and placed it on a lot south of the Methodist Parsonage. Bert Brigham is building a real nice home on this street also, of the bungalow type. H. T. Brigham has purchased the McKinnon home on this street, and will shortly enlarge it. Dr. McEwen, at the corner of Carlstadt Avenue and Bowell Street, has added to his residence and also erected a fine porch. V. E. Starr has completed a two-roomed addition to his house on Bowell Avenue, as has also Mr. Hendricks.

Mention must also be made of the alterations carried on in the old American Hotel building by Boyd & Brown, who now carry on a successful Restaurant business there.

Harry W. Johnson, the new owner of the Pool Hall on Broadway, will shortly extend his building, and make it one of the best halls between Medicine Hat and Calgary.

The extensive alterations carried on at an expenditure of several hundred dollars in connection with the Methodist Church, must also be noted.

If the News has omitted any improvements carried on recently it was not intentional. To the progressive citizens, who have added to the advancement of Alderson we offer congratulations.

The Threshers' Lien Act.

Published gratis by the News.

Now that the threshing season is here every owner or operator of a threshing outfit should read "The Threshers' Lien Act" carefully.

In the first place it provides that every thrasher whether he does custom work or threshes his own crop only, must each year before commencing operations register his machine with the Minister of Agriculture, at a cost of \$1.00, and procure a certificate of registration, which shall be kept posted in a conspicuous place upon the machine or separator during the whole of threshing season. From the wording of the Act it would appear that if the certificate happens to be removed or accidentally lost the owner would have to send and get another certificate. For failure to register his machine the offender loses his right to a lien for his account, and is liable to a penalty not exceeding \$25.00 and costs.

But some one may ask why a thrasher should pay a \$1.00 to register his machine. That question is easily answered. The Noxious Weeds Act provides that every thrasher shall thoroughly clean his machine both inside and out, and all his wagon racks, after threshing each setting, and shall clean the grain threshed by him so that it contains no weeds, other than wild noxious weed seeds, other than wild oats, in 1000 seeds of grain, and shall display on his machine a card containing the clauses of the Act referred to. For non-compliance with the provisions of the Noxious Weeds Act the thrasher is liable to a fine of not less than \$5.00 nor more than \$50.00 and costs.

Everyone will admit that it is in the interests of the country to prevent weeds from spreading, and in order to send out the cards and enforce the Act it is necessary for the Department to know who the threshers are. In addition to this they who comply with the Threshers' Lien Act are specially protected in having their bills paid. They come ahead of the merchant who has fed the farmer for six months or more, ahead of the tax gatherer, and the farmer's hired man even.

Without court costs, without the use of a warrant or a bailiff, the thrasher's account is safe; and it costs him to secure this protection each year, and in addition to go get a copy of the Noxious Weed card and a certificate of registration, the paltry sum of \$1.00, which goes towards paying the costs incurred in the administration of the Act. Moreover, it is very desirable in the interests of the public that reports of crop returns should be as accurate as possible. Now, if every thrasher in the Province registers his machine, the Department of Agriculture can write him and get valuable information, statistics and returns that they cannot procure in any other way. In this connection it may be noted that any thrasher who fails to send the Department any information required of him is liable to the same penalty as for non-registration of his machine.

If a thrasher desires to retain a lien on the grain for his threshing account he has to comply strictly with the conditions set out in the Act:

1. He must have his machine registered.
2. He must satisfy any claim for wages for the threshing he is doing.
3. He must give notice of the retention during or forthwith after the threshing, and separate the retained grain from the bulk.
4. Upon such notice being given he may retain a sufficient quantity of the grain threshed to pay the total cost of threshing done that season, with cost of haulage at 4 cents per hundred pounds for six miles or less, and 1 cent per hundred pounds for each additional mile, provided that the total charge for haulage shall not exceed 20 cents per hundred pounds. There is no provision in the

Act for the charging of interest, nor for seizing more than the quantity of grain which would approximately pay the total account for threshing and haulage.

5. He must separate the grain obtained from the bulk threshed and either (a) haul it away and store it in his own name, or (b) leave it in a separate bin on the premises.

6. If he hauls it away and stores it he may sell it at a fair market price after the expiration of fifteen days from the date of detention, retain his account, and the charge for haulage, and give the owner the balance, if any.

7. If he leaves the grain on the premises at the time of detention he must remove it within thirty days, even though the owner may consent to its remaining longer, as other creditors can seize it after the expiration of the time fixed by the Act for removal.

8. The thrasher must also sell retained grain within the thirty days, unless the owner consents in writing to the same being held unsold for a longer period.

Some of the threshing account books used by threshers are in two parts. One gives a memorandum of the number of bushels of each kind of grain threshed, price per bushel and total amount, and contains a notice "that the above mentioned grain will be held by the Threshers' Lien until payment of this account in full, with interest at _____ per cent, per annum after _____ days from date." This is presumably signed by the thrasher and given to the owner.

The counterpart contains a similar memorandum, with an acknowledgment of its receipt and of its correctness and of agreement to pay the amount in full, or to pay interest at _____ per cent, per annum from date, followed by "I also acknowledge having received notice of retention of above mentioned grain under 'The Threshers' Lien Act' until payment of this account in full." This is presumably signed by the owner and retained by the thrasher. The taking ad giving of such memorandum is not a compliance with the provisions of "The Threshers' Lien Act" of Alberta, and if contained the threshers using such forms would be likely to lose their claims. The essentials to a thrasher's lien in the Province are: (1) Registration of machine; (2) Notice of retention of sufficient grain to pay the threshing account; and (3) Separation of the grain seized from the bulk of grain threshed.

"The Column" that gets results

FOR SALE—An aged horse, serviceable and sound, good worker. Price \$50.00, or would trade for good helper. J. ROBERTS, Suffield.

FOR SALE—Team of Geldings, about 2400lb. Team of mares about 2200lb. For \$350 a team. All first class stock. Apply J. Bone, Sec. 6-17-9, Alderson.

For Sale or Trade—10 good hogs weight about 300 lbs. each, some splendid sows with litters. Will trade. Inquire A. Duchscher, Tully.

Wanted—Threshing outfit for 300 acres good wheat and oats. Right party wanted 300 acres alongside. Inquire at once A. Duchscher, Tully.

TO TRADE—6 miles from town. 3 section land, good buildings, good well, 300 acres broken all fenced and cross-fenced, will accept horses in trade. Apply at the News office, Alderson.

OLD PAPER—Big bundle for 10 cents at the News office.

WANTED—Your shoes to repair. All work guaranteed first-class. Harness repairs at reasonable charges. Clothes cleaned and pressed. L. P. Nelson, Shop in the old Massey Harris Bldg.

Buy an Irrigated Farm

FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rain and insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year.

Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record.

THE SECRET OF THE SUBMARINE

CHAPTER THREE.

An automobile, racing against time, unexpectedly comes to a washed out stream, where a few hours before a bridge was strung. The driver sees the danger. To stop is death, to turn to the side is destruction. The man at the wheel takes a finer grasp, throws in the clutch, jams his foot against the accelerator and in a fraction of a minute the machine is on the other side of the break, bounding on its way.

The above thrilling scene is depicted in the third chapter of the Secret of the Submarine, the American Film Co.'s, in photo novel now being released by the Mutual Film Corporation.

The story of chapter three is as follows: While Hope is engaged in reviving Cleo, "Hook" examines the dead man. In one hand he finds a button recognized as one from the naval officer's coat. He sees that a button is missing from Hope's, but his friendship for the lieutenant prompts him to pocket the evidence.

When Morton returns with the physician he announces that it will be easy to find the murderer. An examination fails to reveal the button. Satsuma reported to Mahlin, that when he searched the desk he found nothing, and Sextus told Olga (unoff) that when he arrived he found the desk top-turkey.

A search reveals no trace of the hidden pipe of the plans. The girl decided to part with her father's library. The books were sent to San Francisco to be sold. Cleo, cleaning up her home discovers the secret of the invention. "Hook" calls Hope and the books are ordered not sold. Cleo meets Morton, and blurs out that the secret is in the books. Sextus rushes to town. Sextus listens to Cleo talking to the auctioneer. He and Olga and Satsuma rush to the city. Too late the books were sold. They go to obtain the names of the purchasers. In the meantime Olga and Sextus reached the city. Failing to obtain the original list they make a copy.

Morton asks the bookdealer to give him the names. He complies. Satsuma also obtains the names. Cleo and Hope, speeding toward the city, encounter the wash out. They find the "New" blocked by fire lines. The bookstore had been destroyed by fire. Satsuma was determined no one else get the list.

Agency MEDICINE HAT LAUNDRY. Basket goes Monday, returns on Thursday

Brutus Blarney

Harvesting the big crop in this district is now in full swing.

R. H. Cutherson & Sons, the local contractors, have just finished building a new barn for the Boyd boys.

Miss E. Garbutt, accompanied by her brother the Mayor, and Councillor Dixon, visited Triplic friends last Sunday week.

Ed. Doimee, late of Calgary, is now spending his time wrestling with wheat sheaves on Boyd Bros. farm.

Mr. and Mrs. W. Bishop and family called on Mr. and Mrs. R. E. Jones last week.

Gilbert Masters spent a very pleasant Sunday in the vicinity of Royal.

Russel Ballard spent a few days at Royal last week.

Watch the Blarney for big crop stories.

George Turtle has worn out two binders already cutting his crop. Some crop.

W. G. Boyd was a Suffield visitor Monday.

D. V. Campbell called on George Turtle Sunday.

B. E. Berryman is building a six foot board fence around his pre-emption. He says that he will need it to hold his wheat. Some lun.

Marshall Ballard was seen driving perth Sunday evening last. There's a reason.

H. D. Church, of Medicine Hat, is the new clerk at the N. E. Stuart store.

Butter Wrappers. Buy them by the Thousand, \$3.00 per. At the News Office.

C. J. Steele, proprietor of the Grain Exchange Barber Shop, was a business visitor to the Hat Tuesday evening.

The American Restaurant is at your service. Meals good and service guaranteed. All white help. Medicine Hat Beer on ice at all times. Boyd & Brown. Props.

Harry W. Johnson on Tuesday completed a deal with Earnie Woollven, by which he became owner of the Pool Hall building on roadway. Mr. Johnson has started extensive alterations to the building. When completed the hall will be one of the most commodious on the line.

To the relief of the population on Wednesday morning Contractor Best began the work of replacing the crossings in different parts of town that have worn out or been torn up in recent building operations. To use a favorite expression of our old friend, Rowe Anderson, "That will help some."

Mrs. Bert Brigham, who has spent the past few months visiting relatives at Davidson, Sask., and also at Windthorst, has returned home. Mr. Brigham went to Medicine Hat on Saturday evening to meet Mrs. Brigham, and they returned on the midnight Monday. Bert talking about "balding say" "Never Again."

CROP STORIES

Here it is the 7th of Sept. and no one has yet delivered a load of their 1916 grain town. It was different last year. The News files show that on Aug. 26th of that year Mr. J. M. Cairnes sold a load of oats in town of very good quality. The weather man is the cause. The heavy downpours of Sunday night and Tuesday night have delayed the thrashing.

We couldn't publish a list of all the farmers who have their grain in stock, unless we could get the late census report. We will mention though that last Thursday night Frank McDiarmid celebrated the finish of his cutting season, and foundered around a good brand of cigars. He almost smoked one himself.

We hear of some great yields that are going to be. When they happen send them in to the News.

Anything like decent weather and several thrashing rigs will start Monday. Guy Hamilton with his big rig is preparing to start that day. Also Gus the doctor and B. E. Hanson. Watch their suns.

Last Friday afternoon there was a "fatality" on the road near the Scansby home, when Al Cole's well known and highly prized collie, "Sport," was killed by being struck by a passing touring car. Sport was perhaps the oldest dog in the district, being almost 15 years of age. He belonged to Al for practically all his life, and was a great pet and companion of little Franklin Cole.
